Map constructed by Chatham Area OFC
Contours are shown at 500-foot interval

Scale 1:75,000

NOTE: Areas shown as red on this map have not been approved by the U.S. Forest Service and are for planning purposes only.

Alternative E
The theme of this alternative is to focus the proposed actions away from riparian, valley, talus, talus, and riparian areas, and concentrate activities in higher elevations and upper valleys. In addition, the alternative attempts to locate the proposed activities away from riparian areas, riparian areas, and upper valleys. The proposed actions on the water, riparian, and upper valleys are shown within the project area.

* RPA, "B" Manual, or other appropriate prescriptions in maintain Old Growth Forest conditions will apply during the Southeast Chichagof Planning period, unless the forest management direction is modified after further RPA analysis and public discussion.
